

# Understanding the Structure of the Prevention Board Reporting System in DAISEY

The Prevention Board DAISEY System has two separate modules.

**DAISEY Home Visiting Reporting System**  
Does **NOT** belong to the Prevention Board

**DIRECT SERVICE MODULE**  
Wisconsin Prevention Reporting System (WPRS)

**FRC MODULE**  
Wisconsin FRC Agency Information (WI FRC)

## For Access to DAISEY and User Support

Go to the very bottom of the home page of the Prevention Board website: [preventionboard.wi.gov](http://preventionboard.wi.gov)

Under FOR GRANTEES, click on **CONTRACT RESOURCES**

### Contact Us

### For Grantees

[Contract Resources](#)

Once in contract resources, click on the DAISEY link on the left. The following resource page will appear:

#### Grantee Resources: DAISEY

This page contains information and links to assist current Prevention Board grantees on the data reporting system, DAISEY. DAISEY is the reporting system the Prevention Board uses for most of the grants. DAISEY has two parts. One for reporting direct services (WPRS) and one for agency profiles (WI FRC - Agency Information). Each grantee that uses DAISEY (for either part) is required to have a data champion. When requesting access to DAISEY, the data champion needs to specify either the direct service, the agency profile or both.

WI FRC - Agency Information | WI FRC | WI FRC | Initiative User

WPRS | WPRS | WPRS | Initiative User

[DAISEY Support and User Manuals](#)

Step-by-step guides:

- [How to enter Environmental data in DAISEY](#)
- [How to enter Family Profile data in DAISEY](#)
- [How to document CODBG activities in DAISEY](#)
- [How to enter Five for Families training activities in DAISEY](#)
- [How to create a FRC agency profile in DAISEY](#)

• [short video, walk through of DAISEY creating a FRC agency profile](#)

For access to the DAISEY reporting system, please contact your organization's DAISEY Champion. You can email the DAISEY help desk directly if you can't find the answers in any of the resources. Help desk email: [daiseywprs@ku.edu](mailto:daiseywprs@ku.edu)

These two modules work independently. You cannot reach one side through another. You need to request access to both.

#### Module Purpose:

- Enter Environmental Data for Programs (date of program, # attendees, location etc.)
- Enter Family Profile/ Individual Program Participant Data (name of family, #children, date of interaction/program, topic discussed etc.)
- Obtain Program Assessments for download
- Enter Program Assessment Data (PAFAS, etc.)
- Access Program Reports

#### Module Purpose:

- Enter FRC Profile (location, #served, # employees etc.)
- Enter Core Services Offered (indicate services from each of the five core services areas)
- Enter Quality Standards Assessment Results (numerical scores and written information)

Additional Information can be found at <https://wprs.daiseysolutions.org/find-answers/>.
